

# I Don't Wanna Be Me

Split Chain

I don't wanna be  
Well I don't wanna be me  
I don't wanna be  
Me anymore

Ever throwing at his home  
Two glass houses, twenty stones  
Fourteen yellow, six are blue  
Could it be worse? Quite doubtful

I don't wanna be  
Well I don't wanna be me  
I don't wanna be  
Me anymore  
I don't wanna be  
Well I don't wanna be me  
I don't wanna be  
Me anymore  
(One, two... One, two, three, four)

Two steps forward, three steps back  
Without warning, heart attack  
He fell asleep in the snow  
Never woke up, died alone

I don't wanna be  
Well I don't wanna be me  
I don't wanna be  
Me anymore  
I don't wanna be  
Well I don't wanna be me  
I don't wanna be  
Me anymore

Please don't dress in black  
When you're at his wake  
Don't go there to mourn  
But to celebrate

Please don't dress in black  
When you're at his wake  
Don't go there to mourn  
But to celebrate

I don't wanna be  
Well I don't wanna be me  
I don't wanna be  
Me anymore  
I don't wanna be  
Well I don't wanna be me  
I don't wanna be  
Me anymore

I don't wanna be  
I don't wanna be me  
I don't wanna be  
Me anymore

I don't wanna be  
I don't wanna be me  
I don't wanna be  
Me anymore
