

My Mistake...

Split Chain

I saw you cry
In the middle of the night
And now it's me
And now it's me

And all I want is too far gone
It's my mistake
It's my mistake
It's my mistake

And I won't live with regret
On the last day
But I'll keep this pain
You're gone too soon
I'll be with you

I saw you cry
In the middle of the night
And now it's me
And now it's me

All I want is too far gone
It's my mistake
It's my mistake
It's my mistake

Breathe deep
Just sleep
Tell me
I'm free

Breathe deep
Just sleep
Tell me
I'm free

I saw you cry
In the middle of the night
And now it's me
And now it's me
