

Subside

Split Chain

Break
I'm sick, I'm sick
Waste
It all away
Burn
I'll see you there
I'm sick

Subside
Blurred lines
Despise

This time
I find
In my mind

You, you leave a bad taste
I'm over it
Spit in my face
I'm done with it
Push
You push me past the edge

Subside
Blurred lines
Disguise

This time
I find
In my mind

You're pulling at my feet
But you're coming down with me

You forced me to
You forced me into this mess
You forced me to
Don't drag me down with you

This time
I find
In my mind

Breathe in deep and leave
Nowhere to be seen

This time
I find
Oh this time
I find
My peace of mind
