

## Carried Away

Split Enz

Breathless home with excitement  
I'll kick my shoes off  
Get into the groove  
Dancing I drift with my eyes closed  
Hearing your voice again  
Singing that stranger melody

I get slowly carried away  
Slowly carried away

All day I can hear her calling  
that woman I've never met  
Keeps leading me on

I get slowly carried away  
Slowly carried away  
I get slowly carried away  
Slowly carried away  
I get slowly carried away  
Slowly carried away  
I get slowly carried away  
Slowly carried away  
I get slowly carried away  
Slowly carried away

I'm told that it's evergreen  
I've learned but never seen  
I've laid awake all night  
Just putting the whole world right  
It's terrible but it's true  
I get carried away with you
