

## Master Plan

Split Enz

I'm not a robot passive and programmed  
I'm taking the law into my own hands  
All things come to those who base their every action  
On a proper strategy

I got a master plan  
Not taking any chances  
I got a master plan  
And I got me some answers

I learned my lesson  
Fate will keep you waiting  
Full of doubt and drudgery

I got a master plan  
Not taking any chances  
I got a master plan  
And I got me some answers

Fate will keep you waiting  
Full of doubt and drudgery  
No more hesitating  
Got a proper strategy
