

# Waiting For Me

Spock's Beard

I never had a name  
No one knows where I came from  
But I came just the same  
I don't know why I'm here or where I've been  
I got nothing left to say  
But I'm gonna say it anyway

I can dance on the rain  
If someone's out there waiting for me  
Laugh though the pain  
If someone's out there waiting for me  
Waiting for me there

Strange lights against the sky  
Strangers fill the streets  
The prophets told us of this time  
When night is day and  
The sun blood red as wine  
Borrowed time and numbered days  
But I'll keep dancing anyway

I can dance on the rain  
If someone's out there waiting for me  
Laugh though the pain  
If someone's out there waiting for me  
Dancing on the rain  
Is someone somewhere waiting for me  
Slowly going sane  
If someone's out there waiting for me  
Waiting for me there

Waiting for me  
On the other side there's no one home  
Waiting for me  
In the awkward silence on the phone  
All my life I've waited  
As the lights have faded

Now a new day has begun  
The wounded stars run home  
Chased away by a brand new sun  
The time is here  
The wait is done  
We used to be different  
Now we're the same  
We can play another game
