

## Across These Waters

Spoken

Come on and take me by the hand and show me  
Take me to a place where I can see  
Where there's no darkness to surround me  
A place where time stands still for You and me  
Time stands still for You and me

This love I feel inside will last  
Till this world crumbles and I  
I will love You from now on  
I love the way You look at me  
The way You look into my eyes  
And show me everything's alright

Across these waters that have come between us  
My heart beats faster and my knees are weaker  
Every thought I have is of You  
Give me just one more thought of you  
Just one more thought of you

This love I feel inside will last  
Till this world crumbles and I  
I will love You from now on  
I love the way You look at me  
The way You look into my eyes  
And show me everything's alright

This love I feel inside will last  
Till this world crumbles  
This love I feel inside will last  
Till this world crumbles
