

Buried

Spoken

I could hear the echoing
The wind would sing a melody
I had never heard before
I knew that there was something more
My feet never touched the ground
The moment that I saw your face
I was standing there
Silence but my heart would race

I'm buried under pressure of my tears
I'm holding on but I can't find you here
Buried under pressure of my tears
I'm holding on but I
I can't find you there

I've never felt the air like this before
I'm not afraid of the unknown anymore
All of the waiting
Waiting for something to change
There was a new life calling me
I wasn't looking for the signs out in front of me
You were there waiting all along
You're right where I belong
Waiting for change

And I still feel the same right now
Standing right here face to face
Standing in the crowd
Silence is my last mistake

I'm buried under pressure of my tears
I'm holding on but I can't find you here
Buried under pressure of my tears
I'm holding on but I
I can't find you there

Whoa ooh
Whoa ooh
Whoa ooh
Whoa ooh

I am buried
Beneath the pressure of my tears
I'm letting go
I'm letting go of it all
Buried
Beneath the pressure of my tears
I'm letting go
I'm letting go of it all

I've never felt the air like this before
I'm not afraid of the unknown anymore
You are the one
You are the one who set me free
You set me free

I'm buried under pressure of my tears

I'm holding on but I can't find you here
Buried under pressure of my tears
I'm holding on but I
I can't find you there

Whoa ooh
Whoa ooh
Whoa ooh
Whoa ooh
