

Echoes

Spoken

I know you're trying to
Hold onto something that has never
Belonged to you
It only echoes in your mind
The past will follow you
Stealing each moment of the story
Takes away the truth
Leaves only echoes
Only lies

Memories were left behind
And promises you failed to find
In desperation, desperation
That you could never hide

And even when you feel that all is lost
The heartache will not last forever
And when you feel like all your hope is gone
The heartbreak is not yours to carry alone

Another day passes
Another page in the chapter of moving on
From the pain of the past
The burdens lifted
All the years will be returned
All that was taken
Is no longer haunting you

And even when you feel that all is lost
The heartache will not last forever
And when you feel like all your hope is gone
The heartbreak is not yours to carry alone

Memories have turned to echoes
Promises you failed to find
All along you hear the desperation calling out

Memories have turned to echoes
Promises you failed to find
All along you hear the desperation calling out

Memories have turned to echoes
Promises you failed to find
All along you hear the desperation calling out

And even when you feel that all is lost
The heartache will not last forever
And when you feel like all your hope is gone
The heartbreak is not yours to carry alone

Carry alone
Carry alone
Carry alone

Memories were left behind
And promises you failed to find
In desperation, desperation

That you could never hide
