

Nothing Without You

Spoken

Carelessness is growing more every day
I can't fight this on my own
I can't make it go away

Oh, when darkness is fighting the light
I will be reaching out to you
I will be screaming out your name
No matter how far I fall away
I'm promising I will reach for you
Because I'm nothing without you

I try to just keep moving
I try to ignore
Oh, the way I feel keeps haunting me
It's stronger than it was before

When darkness is fighting the light
I will be reaching out to you
I will be screaming out your name
No matter how far I fall away
I'm promising I will reach for you
Because I'm nothing without you

I can't fight this on my own

I will be reaching out to you
I will be screaming out your name
No matter how far I fall away
I'm promising I will reach for you
Because I'm nothing without you

Here I am
I'm begging you to hear me screaming out to you
(I'm screaming out to you)
So here I am
Tired and alone I can't fight this on my own
(I can't fight this on my own)
I'm nothing without you
