

# The Light

Spoken

I am so in love with you  
Everything about your heart,  
Everything about your soul.  
And i... i can't believe,  
You ever fell in love with me

All i want to be is the one..  
You never want to live without,  
Someone to build your dreams around  
I never want to be the one that breaks your heart  
Someone you never want to live without  
Someone to build your dreams around  
I never want to live a day without you,  
You are the light...  
You are the light of my life

Even when i can't find the words  
To tell you what's inside my heart  
You bear the burden and don't let go  
As deep cries out to deep,  
Forever is my beginning

Cause all i want to be is the one  
You never want to live without,  
Someone to build your dreams around  
I never want to be the one that breaks your heart  
Someone you never want to live without  
Someone to build your dreams around  
I never want to live a day without you, you are the  
light...  
You are the light of my life

And i never want to live a day without you  
And i will never, walk away from you

I never want to live without..  
Someone to build my dreams around  
I never want to be the one that breaks your heart  
Someone you'll never want to live without  
Someone to build your dreams around  
I never want to live a day without you  
You are the light...  
You are the light of my life
