

Stargazer

Sponge Cola

Take me to that one
Perfect night
My arms around your waist
Stargazing dreaming on and on
Hope against all hope
Should I stay if you should go?

Feelings overflow
Broken, we still fly
Time heals most our wounds
Hope sings as I'm

Taken to that one
Perfect night
My arms around your waist
Stargazing dreaming on and on
Hope against all hope
Should I stay if you should go?

Was it epic for you at all?
Or just a memory
A moment
Nothing more?

Feelings overflow
Broken wings still fly
Time heals most our wounds
But sings for me
But

Was it was epic for you at all?
Or just a memory
A moment
Nothing at all?

Stargazing dreaming on and on
(take me to that one)
Stargazing dreaming on and on
(take me to that one)
Stargazing dreaming on and on
(take me to that one)
Stargazing dreaming on and on
(hope against all hope)
