The Answer

Sponge Cola

I'm gonna keep this song as short and concise
Your yes or no would more than suffice
I have been waiting for eight million years
Before this chorus ends lets make it all clear

Exactly how much fire is left inside your heart
I need to figure out if I should keep on singing
I have given up more than I thought I could
So when it all fades out, it would be nice to have

The answer (yes or no)
The answer (stay or go)

Will singing softer get the message across?
One day you're listening, the next day you're lost
I have been waiting for eight million years
Before this ends lets make it all clear

Exactly how much fire is left inside your heart
I need to figure out if I should keep on singing
I have given up more than I thought I could
So when it all fades out, it would be nice to have
