

Imagine You

Sponge

Ordinarily I don't feel so
Buried but I'm thinking again
And I've lost some time.
I disappear and I re-appear
Someone pull me
Out of the clouds.
Who let this happen
Who made me think I
Had it down
I can imagine You.
These thoughts I carry I
Wear around just like an
Electric shock just pull
The switch and watch me
Twitch you'll always see
Me smile
