

# Pollyanna

Sponge

Look who came by again  
For friendly old times  
To see me  
How long can you stay  
Did you bring your disease  
That makes me breathe  
What you don't know  
Is I keep your picture around me  
Your vision surrounds me  
It lets you know the power you have over me  
Over me

I'll find God for Pollyanna  
Send light to Pollyanna  
Find God for Pollyanna in me  
I'll find God for Pollyanna  
New life for Pollyanna  
So Pollyanna don't feel my misery  
She don't feel my misery

Here I am again  
Left for dead again  
Oh how sweet  
Oh how sweet  
Come back any day  
Anytime is okay to see me  
What's left of me  
What you don't know  
Is I keep your vision around me  
Your addiction surrounds me  
It lets you know the power you have over me  
Over me

I'll find God for Pollyanna  
Send light to Pollyanna  
Find God for Pollyanna in me  
I'll find God for Pollyanna  
A new life for Pollyanna  
So Pollyanna don't feel my misery  
She don't feel my misery

So Pollyanna  
Come and weep with me  
Offer Pollyanna some sympathy  
Come and weep with me

It goes to show the power you have over me  
Over me

I'll find God for Pollyanna  
Send Light to Pollyanna  
Find God for Pollyanna to me  
I'll find God for Pollyanna  
A new life for Pollyanna  
So Pollyanna don't feel my misery  
She don't feel my misery

So get find [?] sympathy  
If you got your Pollyanna  
Come and weep with me
