Turn to Shit

Sponge

You wonder why, life crumbles and it falls
You wonder why, your dicks nailed to the wall
You try to blame something in your past
You try to change, but change just kicks your ass

You get what you give
If you give shit, life turns to shit
You get what you give
If you give shit, life turns to shit

Turn to shit, shit, shit
Turn to shit, shit, shit
Turn to shit, shit, shit
Turn to shit

You try to think, you think where you went wrong
You try to think, but your stinking cap is on
All is lost, cause you are where you are
All it cost, is everything so far

You get what you give
If you give shit, life turns to shit
You get what you give
If you give shit, life turns to shit

Turn to shit, shit, shit
Turn to shit, shit, shit
Turn to shit, shit, shit
Turn to shit

You get what you give
If you give shit, life turns to shit
You get what you give
If you give shit, life turns to shit
You get what you give
If you give shit, life turns to shit
You get what you give
If you give shit, life turns to shit

Turn to shit, shit, shit
Turn to shit, shit, shit
Turn to shit, shit, shit
Turn to shit
