

Ugly on the Inside

Sponge

Pretty girl, with a pretty smile
In A party dress, crashed my vulnerable heart
In your twisted flesh, I got really lost
'Till I found your lovely neck held up
Some really ugly thoughts

I'll show you what I see
When you open your mouth
Words can't hide

Ugly on the Inside (repeat x4)

With eyes that charm, and a mouth that lies
You're a snake tongue devil, and the devil lives inside

Of your imperfect world, made an angry bitch
Who beat up your, young soul, with the gigantic ugly stick

I'll show you what I see
When you open your mouth
Words can't hide

Ugly on the Inside (repeat x4)

I'll show you what I see
When you open your mouth
Words can't hide

Ugly on the Inside (repeat x6)
