You don't know how good love feels
And it's a drag
You don't know when love is real
And it's a drag
It's a drag
It's a drag
Summer's gone and I'm still hung up over you
I'm not high but I feel wasted
I'm not high but I feel wasted
I'm not high but I feel wasted
Wasted in love
Wasted over you

You don't think that love can last
And it's a drag
You can't let go of your past
And it's a drag
It's a drag
It's a drag
Summer's gone and I'm still hung up over you
I'm not high but I feel wasted
I'm not high but I feel wasted
I'm not high but I feel wasted
Wasted over you
I'm not high but I feel wasted
I'm not high but I feel wasted
I'm not high but I feel wasted
Wasted in love
Wasted over

If you're tired of how life's treating you
But you can't break free
If you're lost in a nightmare town
I'll save a place above the darkness
Lay yourself down
Lay yourself down
It's a drag
Summer's gone and I'm still hung up
Summer's gone and I'm still hung up over you
I'm not high but I feel wasted
I'm not high but I feel wasted
Wasted over you
I'm not high but I feel wasted
I'm not high but I feel wasted
I'm not high but I feel wasted
Wasted in love
Wasted over you
Wasted in love
