Down River

Spooky Tooth

Ackles

It's good to see you again, Rosie
I know I've changed a lot since then
You're lookin' fine, babe

Three years that ain't long, Rosie
I still remember our song
When you were mine, babe

Times change, times change I know
But it sure moves slow
Down river when you're locked away

Why didn't you write, Rosie
I stayed awake most every night
Countin' my time babe

Oh no I ain't mad Rosie
I know you had to mind your dad
But just a line babe

Oh sure I remember then

We went off to school
Ain't that right
Well he ain't no fool

Nice seein' you again Rosie
Me I got things to do
Well good-bye babe, oh good bye

Times change, times change I know
But it sure moves slow
Down river when you're locked away

Times change, times change I know
But it sure moves slow
Down river when you're locked away

Times change, times change I know
But it sure moves slow
Down river when you're locked away
