

## Feelin' Bad

Spooky Tooth

You seek to grow a happy face  
But ya' need someone for sure  
To fill tomorrow's empty space  
That hides behind your door  
Oh yeah...

I'll bring anything you want  
You know I'm here to guide you  
But change your day from bad to good  
Hide the tears inside you  
Oh yeah...

Feelin' bad - make it good  
I'll show you how I think you should be feelin' now  
Better times they got to come  
Feelin' bad - make it good  
I'll show you how I think you should be feelin' now

How you feelin' now it's all around  
No one knows but you  
The way it's been you just can't win  
There's nothing you can do  
You're runnin' wild, a helpless child  
Through them fools that guide ya'  
A time to think is what you need  
Wake up the time beside ya'  
Oh yeah

Feelin' bad - make it good  
I'll show you how I think you should be feelin' now  
Better times they got to come

Feelin' bad - make it good  
I'll show you how I think you should be feelin' yeah

Feelin' bad - make it good  
I'll show you how I think you should be feelin' yeah  
I'll make it fine if ya' say you're feelin' low

Feelin' bad - make it good  
I'll show you how I think you should be  
feelin' now

Feelin' bad - make it good  
I'll show you how I think you should be  
feelin' yeah  
Let me help you put fine on the way you feel
