Offering

Spooky Tooth

Holy father, ever lasting God
Accept this offering I bring to thee
And bring us salvation

Holy father, living true God
I have conquered sin, like all those here
So bring us salvation

Oh God who has built all that man has had
Let us use bread and wine in our friendship with you
Who designed to share our manhood with pride
Let us have, let us have
Let us have salvation

Holy father, ever lasting God
Accept this offering, I bring to thee
And bring us salvation

Oh God who has built all that man has had
Let us use bread and wine in our friendship with you
Who designed to share our manhood with pride
Let us have, let us have
Let us have salvation, let us have salvation
