

## Sunshine

## Spooky Tooth

Wallinger

You can't see forward, can't look back  
There's nothing that you need, nothing that you lack  
And it ain't gonna last this way

You say you're living, out on the edge  
But you're on solid ground, not on a ledge  
And I think we're gonna make it, this time

Sunshine, just can't get enough of you  
Sometimes you just blow my mind  
I'm gonna take it, gonna change it all for you

I'm so glad that you found me  
You made it just in time  
I'm so glad now, I'm getting delirious

You're down in the basement, when we're up here on the roof  
You're looking for evidence, when you're the living proof

But we hope you're gonna make it, up here baby

Sunshine I just can't get enough of you  
Sometimes you just blow my mind  
I'm gonna take it all, gonna change it all for you  
Sunshine don't leave me behind  
I keep getting caught in the rain  
Fooled again and again  
I start acting like there's no tomorrow  
Gonna leave behind my pain and sorrow  
Everything's like there's no tomorrow

Sometimes I just can't get enough of you  
Sunshine you just blow my mind  
Gonna take it, gonna change it all for you  
Sunshine you just blow my mind  
Sunshine  
Sunshine, just can't get enough of you  
Sunshine, just can't get enough of you
