

The Mirror

Spooky Tooth

I looked into the mirror and it poisoned my mind twice
It left me both time crippled
And it tossed my fate like dice

I looked into the mirror and the devil smiled both times
My flesh was sold with no feelings
With no reason or rhyme

The smile on my face gave way to my feeling
But only time was there to tell
Somewhere in space my thoughts are still reeling
The mirror looked through hell
And damned me where I fell

You mistreated the boxer
You held his spirit down
(Yes she did, yes she did, yes she did, yes she did)
You colored his reflection
'Cause you didn't like his sound

But now my head is clearing
And I'm startin' to see the light
(see the light, see the light, see the light, see the light)
Now I'm lookin' to the mirror
And I don't know if it's day or night

The smile on my face gave way to my feeling
But only time was there to tell
Somewhere in space my thoughts are still reeling
The mirror looked through hell
And damned me where I fell

see the light, see the light, see the light, see the light...
