

## Wildfire

## Spooky Tooth

Wild fire is in my mind  
My desire is waiting to unwind  
I finnaly found what I've been looking  
Threw away the chains that found my heart  
Since I meet you you opened the door  
Yes you came in brand new start

Wild fire is in my mind  
My desire is waiting to unwind  
Wild fire burning in my eyes

Crazyness took me by suprise  
But I feel I got the world in my hand  
Happyness looked me in the eyes  
No one but you could understand but you

Wild fire is in my mind  
My desire is waiting to unwind  
Wild fire burning in my eyes

Wild fire is in my mind  
My desire is waiting to unwind  
Wild fire burning in my mind

Wild fire is in my mind  
My desire is waiting to unwind  
Wild fire is in my mind  
My desire is waiting to unwind
