

Dismember

Spoon

If she had half a mind, well she might
not take this song quite so seriously,
so put the notebook down, and take off your dress
i've never seen it before, and i said
(dismember) that's what you are
(dismember) you're a bad guy
(dismember) that's what you do
(dismember) to win sugar
c'mon let's go outside you know we can go sit out in your car a
nd get
cut down
cut off
cut down
(dismember) well i was at your show, old man
(dismember) i couldn't watch you at all, old man
(dismember) i couldn't take my eyes off you
cut down
cut off
cut down
cut off
