

Shake It Off

Spoon

Somebody's walking among us, shake it off
I'll let you sleep late at night now, shake it off
You can't take me down the rail
Said now, take back in the rail

Oh, I've been knocked down a lot
Think that's why I was begot
I'm gonna shake it off
Shake it off

Somebody's back at your door, kid, 3 AM
Take it soft, shake it off
Just thank god my kid's so kind
I'm glad that I'm figuring a lot
Oh now, I've been knocked down a few
It's got to be a ritual with you

I've been knocked down a lot
Think that's why I was begot
I'm gonna shake it off
Shake it off

Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
I'm gonna shake it off
Shake it off
Shake it off
Shake it off
Shake it off
Shake it off
