

Cartier bust fuck a Rolex
I done dicked her down all night she walking bowlegged
Lean with the wok leaning baby go ahead
I'm out my top right now you know I'm floatin'
In the land right now with nothing but Zs
Pipe down got your bitch on her knees
Hold on wit a 223 make em bleed
Hop out make a nigga hit the leaves and I'm out
556 or the blackout
Hold on spin the whip let me back out

Slurr on my words, we left niggas on the curb
That's a bird and her pussy she like yours
But I know she lyin', so I skeet off couple times
She know I'm a stepper, step on fuck niggas wit my iron
Let me catch a cut, go
Hop wit a stick oh
She gotta big ol booty joe
Bun yun outta control
Her waist, stick blow
Auto on a glizzy go
