

Dummie

SpotemGottem

I'm fucking up that cake
I'm fucking up that cash
Lil momma got too much cake
Lil momma got too much ass
The way that this bitch walk
She deserve a Birkin bag
She be licking all on her lips
I just want to do her bad
I just want to go ahead
Fucked all night
She walked out the room she bolleged
I popped a ecstasy I woke up I need more head
A breadwinner baby girl let's chase some more bread
Swear she jump on that dick and ride it like a moped

Where the lean at and we sippin' yeah
Two F n Ns and them bitches match
I like go a double dose I see her pussy fat
We got glitches on all our guns and we got fully macs
I can't even know how many niggas got rolled up in my pack
Ay don't stumble with your gun better watch your back
I put chicken on niggas top they telling me relax
On the E-way with them strikers and we back to back

I'm fucking up that cake
I'm fucking up that cash
Lil momma got too much cake
Lil momma got too much ass
The way that this bitch walk
She deserve a Birkin bag
She be licking all on her lips
I just want to do her bad
I just want to go ahead
Fucked all night
She walked out the room she bolleged
I popped a ecstasy I woke up I need more head
A breadwinner baby girl let's chase some more bread
Swear she jump on that dick and ride it like a moped
