I'm freestyling and it come off the dome  
I came from burglarizing, running in homes

I'm freestyle and it come off the dome  
Burglarizing, kickin' into homes  
223 knock off his fro  
I told 3 I think that fuck nigga gone

I don't need no stylist  
She just want to be around me  
See how a nigga be violent  
He leaning probably off codeine  
He out his noggin'  
She eat filet mignon  
I just won't stop so common  
Bye bye I think they out of here  
Bot bitch want love from me no, come on I won't let go  
She say my love was counterfeit when I gave it to her  
Mom dukes always told her son, she say boy you the one  
I was always out of control, burglarizing, running from troll  
High speeds that's all I know  
Hold on this here just how it go  
Can nobody stop me, they worse  
But I know nothing about it, 4nem said it should've been worse  
She a bot got her fingers up her skirt, moving in slow motion,  
right now I'm loaded  
She look me in my eyes, ask me do I want it,  
I asked her what time it is, she said like 4 in the morning  
Come on, you know I'm on it, let me set my alarm then  
I be off all these prescriptions, I ain't even go to the pharma  
cy  
She say I only sleep better when you be next to me  
Why you keep stressing me, even though I'm addicted like ecstas  
y  
I gave you all my love, I gave you all of it  
We split up all the plugs and there was a drought and shit  
She say her pussy fiji, common let me drown in it  
I drunk too much of lean today woke up feeling down and shit

I'm freestyle and it come off the dome  
Burglarizing, kickin' into homes  
223 knock off his fro  
I told 3 I think that fuck nigga gone
