We rollin', we rollin' let's see what she on
I keep on rolling round, she feeling on me like oh
Two more to his face and his shoulder, he gone
She say I'm in a phase, right now I did her wrong
She steady blowing me up, she keep on calling my phone
I'm rolling on i95 lately I've been in the zone
I'm booted up thinking about my brothers that's dead and gone
We hit em from the shoulder from the waist up he gone

I like the way you talk feisty,
When you don't know, get your way with me,
We keep on rolling, rolling in South Beach
I introduce you to the other side of me
They dropped a diss song, they partner died in less than 2 weeks
Get on the beat, right now imma let my soul speak
Imma let marcus coach me, the ins and outs of how to be a G
For you to get your kill, lurk his block all week
He got stepped on like It's some fetty
Ridin' around bumpin' old Boosie old Webbie
He gon die in that lil ass Chevy
Keep on spinnin around, I'm all in your section

We rollin', we rollin' let's see what she on
I keep on rolling round, she feeling on me like oh
Two more to his face and his shoulder, he gone

She steady blowing me up, she keep on calling my phone
I'm rolling on i95 lately I've been in the zone
I'm booted up thinking about my brothers that's dead and gone

If I could give my love to you
Then imma give my love to you
Lost relation, lost relationship Lord
I filled my body with ice, my heart already cold
I filled my body with ice, cause my heart already was cold
My brother came up off his stroll
Post sleeping in on bandos
They went from burgalarizing to murder she wrote
Stay close 4, we straight hustle all night long
Hit that cut outside on em see just what he on
Bullet holes all in this niggas shit, this nigga gone

We rollin', we rollin' let's see what she on
I keep on rolling round, she feeling on me like oh
Two more to his face and his shoulder, he gone
She say I'm in a phase, right now I did her wrong
She steady blowing me up, she keep on calling my phone
I'm rolling on i95 lately I've been in the zone
I'm booted up thinking about my brothers that's dead and gone
We hit em from the shoulder from the waist up he gone
