.sPout.

I'm not interested in the shit you talk you better start to walk away from me you hurt me once and I don't wanna be your friend that doesn't work this chapter of my life has come to an end bitch with your shit you cannot reach now I live my life and now I'm free I don't care what you think of me you can try to destroy me no way it's better for you to walk away from me your face is what I don't want to see not anytime - not anywhere - not anymore I turned my life and give a fuck about you

I turned my life - 180 degrees I turn around and don't look back

you said you love me I don't think so

I'm not part of your show anymore I'm ready with you - ready with your shit what do you say? I'm not interested I wonder why - you're still here? talk to me? but what you say - doesn't reach my ear you are just a stone - in the streets of life first I thought without you - I cannot survive but now I know - that the best thing you can do for me is leave me alone I have something to do now I have to go out on the streets of life and walk over that stone

I turned my life - 180 degrees I turned around and closed the door

(chorus) go ahead with that shit - I'm not interested - go ahead with that shit go ahead with that shit - I'm not interested - go ahead with that shit

I turned my life - 180 degrees I turned my life and closed the door

(chorus)

I'm not interested - in the shit you say It's time for you to walk away you better go ahead you just make me sad
