Don't break down!

Your life should not make you feel ill, your life should not make you stand still, because it's your life you deserve the crown, your life should not make you break down

No matter how your life is, it should not bring you down, life is your kingdom you deserve the crown, but it doesn't work when your head hang down, and it doesn't work when you just look down, use your life to come around, use it to be around

No matter how your life is, your life should not make your dreams die, life is a miracle don't ask why, I know life could be like shit, we all have to live with it, I know life could be like shit, there is only one exit, but now I don't want to talk about it

Your life should not make you lose, lose your trust in you, your life should not make you break, break down

What goes up must come down, what goes down must come up, what goes up must come down, don't let your head hang down, your life should not make you stop, don't let your head hang down, keep your head up high, don't let your head hang down, wear your head up high.

Your life should not make you feel ill, your life should not make you stand still, because it's your life you deserve the crown, your life should not make you drown

Drown in suffering, drown in anger, drown in miseries, drown in anger, Drown in suffering, drown in anger, drown in miseries, drown in anger
