

Take Me

.sPout.

I will never be what you want me to be, I don't agree with the way you want me to be, I will always be me

take me, take me as I am, take me, take me as I am, take me, take me as I am, take me as I am, what do you want from me, what are you doing with me, what is your picture of me, you make me fly into rage

What do you want from me, what do you want to do with me, why do you want to change me into an other personality, can't you see that you are killing me, when you try to change me, don't you know that you destroy me, when you try to change me, cause I don't agree with the way you want me to be, I cannot do what you want me to do - what you want me to do

Don't you know that you are killing me, when you are trying to change me? Don't you know that you are destroying me, when you are trying to change me?

Chorus

What you see is me, this is what you get when you want to know me, I cannot be an other personality, I cannot change me, so take me as I am, or I will be the enemy in your system, like a virus in your program, I don't go the way you want me to walk, I don't speak like you want me to talk, I don't leave my line

Chorus

You make me fly into rage
