

Kissing Practice

SPRINTS

All the boys are standing at the bar drinking beer no better than dutch
And all the boys are standing at the bar talking about how girls are too much
But get up and now he's acting tough
But get up and now he's acting tough
But sit down

And all the girls are sitting at the bar talking about her boyfriends old shtick
And all the girls are sitting at the bar talking about how he now makes her sick
But get up and say you've had enough
Get up and say you've had enough
But sit down

It's not done in malice
It's all just kissing practice
It's not done in malice
It's all just kissing practice

All the boys are standing at the bar drinking beer no better than cans
And all the boys are standing at the bar reeling over next week ends plans
But get up now he's acting tough
Get up and now he's acting tough
But sit down

All the girls are sitting at the bar talking about her ideal type
And all the girls are sitting at the bar pining for their dream wife life
But get up and say you've had enough
But get up and say you've had enough
But sit down

It's not done in malice
It's all just kissing practice
It's not done in malice
It's all just kissing practice
