

## Mr. Funny Face

Sprung Monkey

Hey mr. funny face I was just wondering  
What are you thinking  
Hey mr. funny face I was just wondering  
What are you feeling  
Walking down the street  
And everyone is staring at you  
Pointing their fingers as you walk on by  
And if you stop to speak well they'll  
Soon be laughing at you having their fun  
Just trying to make you cry mr. funny face  
Maybe I'm a shallow man I was just thinking  
Maybe I'm a shallow man cause I was just thinking  
If I was walking down the street  
And everyone was staring at me  
Pointing their fingers as I walked on by  
And if I stopped to speak and everyone was  
Laughing at me I'd probably turn my head, run and hide  
But no you don't run, and you don't hide  
You just stand proud as you look them in the eye  
No you don't run, no you don't cry  
You just smile and say hello, and then you turn and  
Wave goodbye mr. funny face  
Dream the dream it's a good dream yes it seems  
Everything you've done to me  
Cause I see the way you hold yourself  
Amongst the world's adversity  
Because there's a tear that leaves me everytime  
I see all the things they've done to you  
Cause I know how you must fell inside  
But I know my heart and I know I tried  
No you don't run, no you don't hide  
You just stand proud as you look them in the eye  
No you don't run, no you don't cry  
You just smile and say hello, and then you turn  
And wave goodbye mr. funny face
