[spunge]

Well, don't follow me 'cos I ain't no saviour  
Got bad habits, don't look good on paper  
People say I'm crazy and I might well be  
But I'm doing fine so it must quite suit me

No I know what it is that you're trying to do to me  
But it won't work

Gotta find another way  
Gotta find another way  
Gotta find another way

Well people that know me say I'm lazy  
That's not true, well OK, maybe  
It's not just that I'm bone idle  
The mentioning of hard work makes me go suicidal

I've been hearing lots of stories  
'bout how you're going to mould me shape me

Well I've got some news that you might find upsetting  
What you are now seeing is all you're getting
