

Give Up / Give In

[spunge]

Well open up your eyes, so there is no surprise,
That things are gonna try you time and time again.
It won't mean the end, you've just gotta find a friend,
Who'll help you to pretend, that things will be fine again.

If you want it bad enough, you gotta make it work,
Don't give up or give in,
And if you want it bad enough, you gotta make it work,
Cause it's your time so...

[Chorus]

Pick it up, go, go, go.
Pick it up, yeah, yeah, yeah.
Pick it up, go, go, go.
Pick it up, go, go, go.
Don't give up, don't give in.
Pick it up, go, go, go.

If you don't first succeed, then just assess your need,
And if it's big enough then try and try again.
Don't ever give it up, though you may wanna stop,
Cause one day you'll wake up, and things will be fine again.

If you want it bad enough, you gotta make it work,
Don't give up or give in,
And if you want it bad enough, you gotta make it work,
Cause it's your time so...

[Chorus]

Pick it up, pick it up, here we go.
Bring it down, bring it down real low.
Build it up, build it up real slow.
Go.
