

Devil's Den

Squid

Pouring the water
Into the hollows
Vinegar Tom and all his friends will drink for free
Am I a fool?
Tempting you

Do you know what you've done?
No, I haven't a clue
Well you're dead if you float
And you're dead if you sink
Do you know what you've done?
No, I haven't a clue
All these fears and beliefs
They'll do funny things to you

Pouring the water
Into the hollows
Vinegar Tom and all his friends will drink for free
Am I a fool?
Tempting you

In the devils
In the devils
In the devils den
In the devils den

Fears and beliefs they'll do funny things to you
Do you know what you've done?
No, I haven't a clue
You're dead if you float and you're dead if you sink
Do you know what you've done?
No, I haven't a clue

Those fears and beliefs will do funny things to you
Do you know what you've done?
No, I haven't a clue
You're dead if you float and you're dead if you sink
All those fears and beliefs will do funny things to you

Pouring the water
Into the hollows
Pouring the water
Into the hollows
Pouring the water
Into the hollows
Pouring the water
The devils den
