

As the sun sets on the GlaxoKline
Well, it's the only way that I can tell the time

Bright neon bikes on the hillside
Mosquito nets, they cover the buildings

On Concrete Island, I wave at the businessmen
On Concrete Island, well, I hope my dinner is warm
On Concrete Island, I wave at the businessmen
On Concrete Island, well, I've been here far too long

Well, I'm speeding along, speeding along (I go from pharmacy to
pharmacy)
I go through the windshield (And from the shop to the floor)
I'm speeding along, speeding along (He says 'It's time you don'
t get back')
Well, I hope my dinner is warm (From the other side of the wall
)
I'm speeding along, speeding along (When all of this has come t
o light)
I pray to the G.S.K. (I'll be the one to deplore)
I'm speeding along (With the time I didn't get back)
I'm speeding along (Pharmacy to pharmacy)
(And from the shop to the floor)
I'm speeding along (He says 'It's time you don't get back')
(From the other sweet spot side of the wall)
