Squirrel Flower

I'll be gentle and I'll take it slowly
Just as long as you say you don't need me
I'll do you right and I'll take it steady
But when I say go you better be ready

Keep you guessing, I swear I won't tell you
Make you want me and then I'll desert you
But it's alright 'cause you said you don't need me
It's alright cuz I kept it steady

Don't look at me like that, like you'll kill me
I can outrun you and I'll do it gracefully
'Cause I'm gentle but I can't move slowly
Don't you dare say you do not know me

Don't you dare say you do not know me
Don't you dare say you do not know me
Don't you dare say you do not know me
Don't you dare say you do not know me
Don't you dare say you do not know me
