Squirrel Flower

You take, you take me back home  
And carry me inside  
When I've fallen asleep on the road

You pull, you pull me out of bed in the mornin'  
Make sure I have my coat  
Make sure I've got my shoes tied up

You leave, you leave me hangin'  
I know you're tied up, but you know what I want  
You know it hurts me

You take, you take me back home  
And carry me inside  
When I've fallen asleep on the road  
When I've fallen asleep on the road  
When I've fallen asleep on the road
