

# Fade

Squirrel Nut Zippers

Fade  
Fading  
Just as the sun is setting  
You are like a dream that's fading

Away  
Away  
Just like a summer day  
You are like a dream that's fading  
Away...

I slip along  
The cobblestone  
So all alone  
And blue  
Over you

Fade  
Away  
Just like a summer day  
You are like a dream that's fading  
Away...

I slip along  
The cobblestone  
So all alone  
And blue  
Over you

Fade  
Away  
Just like a summer day  
You are like a dream that's fading  
Away

You are like a dream that's fading  
Away...
