

4AM FREESTYLE

SSGKobe

(Cutta, we rich)

Huh, I done got rich off these bands, okay
I done got rich off these figures, huh
I think I'ma fuck on a fan today
She told me come take off her picture
I see a opp at the door
We finna see who pull triggers
We got the knots on the floor
All of our pockets got bigger
In the middle of the night, ayy
Creepin' in middle of the night
I been sippin' on Fanta, put that in my Sprite
I remember discussing a jigg on a Skype (Ayy)
Had too many bands on a Skype
Talking down on a gang, see your mans in the sky
Up at 4am off the Xans and I'm high

Sippin' on gin, put the weed in the sky
Red beam on the dot
It's four o'clock and I'm sippin' on Wock'
I don't go to different countries
All the time I finna explore this thot (Ayy, ayy)
I'm lying, I'm not, ayy
My girl don't play with these thots, ayy
You run up, you gon' get dropped (Ayy)
You gon' get dropped like a drop fade (Fade, ayy, haha)
I'm on the gas today (Yeah)
I got a bag today (Uh, huh), so that mean they mad today (Okay)
Told my shawty, "Get cash today" (Okay), 'cause I'm having a better day (Okay, yuh)
I just woke up to my girl in a lake with a acid tray (Okay)
We gon' finna go crash the Wraith (Okay)
Run up on me, get stabbed today (Hey)
And my niggas still taggin' the day
I'm havin' withdrawals, what happened to Kay?
I done got rich off these bands, okay
