Oh (Oh)  
Bad vibes forever no more  
Stuck in a prison of love  
Would you be mine like forever?  
Forevermore

Oooh (Oh)  
Bad vibes forever no more  
Stuck in a prison of love  
Would you be mine like forever?  
Ever no more

Black tears fallin' down my face yeah  
Deeper than the darkest dead space, yeaah  
You I can't replace  
So I hope you keep some faith  
In the dreams I could provide for you  
Every single day, it makes me say  
Why are you so serious?  
Delusional, delirious  
You should know if you need anything at all  
I'm the one to call  
I'm the one to call

Ohh-ohhh  
Huuuuh  
Ohh-ohhh

All I feel is bad vibes  
Take a Percocet for the night  
All my demons, yeah, they come alive  
It's the same shit over and over again  
Yeah counting up money pile that shit up  
Broke ass nigga you a woulda, coulda, shoulda  
Hit em with a 45 hit em with a cutta  
In a Benz C300 with my brothas  
Had to take the team to the south tell em hold up  
Bitch come in first I could never be a runner up

Counting up the money Imma flex till the sun is up (8, yo)
