No-no-no

Get back, ding-a-ling in my head (No-no)

Get back, ding-a-ling in my head (Get back, get back)

All these diamonds on my neck

These emotions I reflect

Trapped inside, it feels like hell

From this dark I can't escape

Having it all!

Highlights on my wall

Feels like in dreamcatcher

Oh no No-no

Get back, Ding-a-ling in my head

Get back, it ticking on a plant

Yeah, everyday I'm living my life

I'm trying hard survive

I said to God this ain't the vibe

I'm off the drugs so I'm not thinking right

You look me in my eyes and say goodbye (Yaah)

So all your problems go away right (No-no)

I hit this dope and get super high (Yaah)

You look me in my eyes and say goodbye

Ey

Get back, ding-a-ling in my head (Feels like in dreamcatcher)

Get back, ding-a-ling in my head (Feels like in dreamcatcher)

Get back, demons in my head (Feels like hell)

Get back, Devil in my bed (Feels like in dreamcatcher)
