

# Every Second

SSGKobe

(Loud Pack)

Ooh

Every second you away, I swear to God, I can't feel nothin'

Ooh

Taking Perkies and the X's to the face just to feel your love

Ooh

Every second you away, I swear to God, I can't feel nothin'

Ooh

Taking Perkies and the X's to the face just to feel your love

I put money on just for the fans

Just to show you that I'm rich and you not

'Member as a kid, terrorizing all opps

And I know they mad 'cause I'm up and they not (They not)

Ooh

I'm not telling you I'm sorry even if I meant it

I'm not telling you I'm sorry even if I cared

I'm not telling you I'm scared even when I'm scared

I'm not telling you I'm bad when I'm not on my meds

All my old friends turning soft, yeah, they turning fed

Niggas always wanna fuck around 'til I bust a head

Oh, I heard that you was talking shit, what the fuck you said?

I count racks and thank God 'fore I go to bed

No hype shit, we just late night vibing

Fly out to Rio, now we chilling on an island

Chills every time I see her fine ass smiling

Ooh

Every second you away, I swear to God, I can't feel nothin'

Ooh

Taking Perkies and the X's to the face just to feel your love

Ooh

Every second you away, I swear to God, I can't feel nothin'

Ooh

Taking Perkies and the X's to the face just to feel your love

Things aren't what they seem, but—

They—

Looks can be deceiving

When I step out, I be in Margiela

You can ask all my friends, they can tell ya

I know a couple niggas moving that pack and moving that sack, but if you 12,

I can't tell ya (Hey, hey, hey)

I put money on my feet (Yeah)

I flex on niggas every time that I get (Hey, hey, hey, hey, hey, hey, hey, h  
ey, hey)

Yeah, I flex on niggas every time that I get (Hey, hey, hey)

Walking 'round with my hand on my stick

You be talking crazy, you get hit

I just love my baby, she the shit

She know for her, I'm crazy, you get blipped

I know she a snake, I see her slits

I know you so funny, you a skit

I just want my money, fuck that shit

I'm on top, she tell me I'm the shit

(Loud Pack)
