Ginseng

Xans in my jeans, they keep fallin' out  
Perkies in my jeans, they keep fallin' out  
I heard that you fake as hell, you be foldin', huh?  
All these commas in my jeans, they not foldin' up

CEO, man, I'm the boss  
[?] play like Jerry Moss  
You can check my Gucci, thinks I heard you shoppin' up at Ross  
Flip the price tags, I just grab what I want, don't care 'bout  
the cost  
Johnny Dang got my VVS diamonds shinin' like some gloss  
I don't care 'bout the cost  
We go to the mall, spend it how you want  
Kickin' it like [?], niggas be some cons  
Hit 'em with that Bond, diamonds dance like, "Uh, uh"

Xans in my jeans, they keep fallin' out  
Perkies in my jeans, they keep fallin' out  
I heard that you fake as hell, you be foldin', huh?  
All these commas in my jeans, they not foldin' up  
Xans in my jeans, they keep fallin' out
