

(Rio)

(Hope you know)

Get out my life, girl, bye-bye
I cannot stand all of those lies
I hope you know
That you really got me goin' crazy
What do you see in me?
For these pussies, got a .223
Chrome Hearts, mix it with mink
And my baby, she be drippin' like a faucet or a sink

Percocets got my body aching
Pull up to the trap house, it be vacant
They say, "You broke," huh, you mistaken
You a demon, I be demon slayin', oh
That's a wake-up call
I be drippin' like it's damn Niagara Falls
R.I.P. 24, you know that I'll forever ball
I be standin' ten toes, tryna make me small
Yeah, I'm feelin' windy
Feelin' like YB, I rock out with my glizzy
Pour that deuce up in my Fanta, it be fizzing
If that bitch think I'm a joke, are you kidding? Yeah

Get out my life girl, bye-bye
I cannot stand all of those lies
I hope you know
That you really got me goin' crazy
What do you see in me?
For these pussies, got a .223
Chrome Hearts, mix it with mink
And my baby, she be drippin' like a faucet or a sink
Uh, get out my life, girl, bye-bye
I cannot stand all of those lies
I hope you know
That you really got me goin' crazy
What do you see in me?
For these pussies, got a .223
Chrome Hearts, mix it with mink
And my baby, she be drippin' like a faucet or a sink

Hope you know
