

Here For You

SSGKobe

[?] miss your face
You the reason why I drank
You the reason why they fake
You the reason why they changed
You the reason why I can't
You the only bitch I blame
Cause it only sucks for me
Cause I'm still here for you
Cause I'm still here for you
Skies are red and blue
Wait for dreams come true
This is not a interlude
Hold up I am not being rude
Hold up I'm not being me
Hold up I am not being rude
Cause I'm only being me

Yeah (Uh)
I got my hand on my gun (Gun)
Run up on me, shoot for fun (Fun)
[?] mine (Mine)
Look at me I'm doing good (Good, good)
I know you proud of me (Me, me)
I bought you so many things (Things, things)
If I could I'd do it again, if I could I'd do it again
