

How?

Take a look at us  
It's not that hard, I already know that you know  
It's not that hard, I already know that you know (Yeah)  
She take my heart put it right on the floor  
Need some more  
Need some more love from you what the fuck  
How did I even meet you? Is it love?  
Trying to be clean, trying to quit all the drugs  
And I know that it's been turning some months

How do I say I love you?  
How do I say I trust you?  
Every day we going  
Every night is gone  
20 [?]  
Wake up see the world  
Every time we go  
Every time we speak  
It's just always us  
It's just you and me

How do I say I love you?  
How do I say I love you? (Cuz I do, I really do)  
How do I say I trust you?  
I saw the flashing lights above me (I see the lights above me,  
why are they here?)  
I watched my world crash right in front of me (Unfortunately th  
ere's no light here, I'm falling now)  
Pouring up fours that I had  
And I just poured a whole half  
I gotta quit doing more  
I gotta quit doing more
